Adaptation & Resilience

Friday 21st May

Finance & Regulation

09:00	Conference Opening			Opening (Policy): Welcome and introductions Nature-based solutions and the opportunities they offer			On demand content/ poster hall			On demand content/ poster hall			On demand content/ poster hall		
09:15															
09:30	Climate Risk			Nature-based solutions to address societal challenges			Opening (Policy): A new perspective on the global energy transition			Opening (Policy): Adaptation and Resilience challenges in the COP26 Meeting			Opening (Policy): Risk & finance roundtable		
09:45															
10:00															
10:15															
10:30	Break			Break			Break			Break			Break		
10:45															
11:00	Opening (Policy): Global perspectives on a responsible green recovery			Panel discussion: Implementing NbS across landscapes and seascapes			The mitigation landscape: demand, supply, and systems	Carbon dioxide utilisation: Policy Insights from the Cutting Edge	Youth advocacy and campaigning in the lead up to COP26	Physical Science, Adaptation and Resilience: Current Risks, Early Warning Systems and Adaptation Finance	Live poster session 1: Enablers and barriers to practice and adaptation	Live poster session 2: Adapting robustly to climate change	Disclosure & risk management	Access to finance	Climate law & governance
11:15							New evidence on mitigation solutions	Mitigating Solutions: Climate change and net zero	Decarbonising electricity systems						
11:30	Break			Break			Break			Break					
11:45															
12:00	Green recovery investments and entrepreneurship	Inclusivity in green recovery	Solution Stars - Mitigation Solutions for green recovery	Capacity Building and Knowledge Transfer for Nature-based Solutions	Climate Risk	Treescape: Building resilience into the future	Lunch Student Voices Film Trailer			Enablers and barriers to the practice of adaptation	Live poster session 3: Mainstreaming Adaptation in the Global South	Adaption and Resilience: Building resilience into the future	Lunch		
12:15															
12:30															
12:45															
13:00	Lunch RINGO: Primer on the the climate negotiations/COP26			Lunch			Managing transition risks on the road to net-zero	Decarbonising transport in cities	Student session	Lunch			Macropolicy	Green bonds & novel financial instruments	Student session
13:15															
13:30	Economy-wide impacts of green recovery	Engagement and Participation	Student session	NbS in international cooperation and climate policy	Dialogue: Implementing NbS across landscapes and seascapes 2	Student session	Break			Adapting robustly to climate change	Climate resilient universities	Student session			
13:45															
14:00															
14:15															
14:30	Break			Break			Engaging people as agents of change	Low carbon cities: planning and data	Universities and the race to net zero	Break			Break		
14:45															
15:00	Socially equitable green recovery	Place-based solutions	Delivering green recovery and just transition in the context of rapid technological change	Scaling up protection, restoration and connection of key ecosystems across UK landscapes	GW4 Alliance Session	Nature-based Solutions Research Showcase 1	Break			Break			RINGO: Q&A on conference topics and their role at COP26	Localising the circular economy	The road to COP26 - developing the Paris Agreement Rulebook
15:15															
15:30															
15:45							Green transportation	Public support for climate action	Carbon markets for increasing international ambition	Accelerating Adaptation in the Global South	Live poster session 4: Current Risks, Early Warning Systems and Adaptation Finance	The Climate Adaptation Challenge	Break		
16:00	Break			Break									Closing (Policy): Opportunity & finance roundtable		
16:15															
16:30	Closing (Policy): The role of 'local' in delivering a Green Economic Recovery. Policy insights for the UK and beyond.			Climate Finance and Offsetting: investments in NbS and new financial mechanisms	Policy roundtable	Nature-based Solutions Research Showcase 2	Break			Break			Break		
16:45															
17:00							Closing (Policy): Policies for delivering COP26 mitigation objectives			Closing (Policy): Building international partnerships to support and achieve adaptation and resilience			Conference Closing Remarks		
17:15															
17:30															
17:45	On demand content / poster hall			On demand content / poster hall			On demand content / poster hall			On demand content / poster hall			Conference Closing - Panel Discussion		
18:00															
18:15															
18:30															

Policy Session
On demand content
